Homework, or a homework assignment, is a set of tasks assigned to students by their teachers to be completed outside the class. Common homework assignments may include required reading, a writing or typing project, mathematical exercises to be completed, information to be reviewed before a test, or other skills to be practiced.. The effect of homework is debated.

The participants for this project were a group of four high school science teachers from a private, comprehensive, urban high school in Southern California (enrollment = 1150). The group included three men and one woman, all experienced teachers, ranging from 8 to 34 years in the profession. They represented three different subject areas—chemistry, biology, and physics (see Table 1).
