

subsistence and economic development pdf

History. Subsistence agriculture emerged in various areas including Mexico where it was based on maize and in the Andes where it was based on the domestication of the potato. Subsistence agriculture was the dominant mode of production in the world until recently, when market-based capitalism became widespread. [citation needed] Subsistence horticulture may have developed independently in South ...

Subsistence agriculture - Wikipedia

The dual-sector model is a model in developmental economics. It is commonly known as the Lewis model after its inventor W. Arthur Lewis. It explains the growth of a developing economy in terms of a labour transition between two sectors, the capitalist sector and the subsistence sector.
